ON in around Feb-2012 I Inmate Kelvin Radley #190256  
 was housed At the Davidson County Sheriff's Department on  
 the 5th Floor housing floor-B cell at the criminal  
 Justice Center 20 hours a Day lock DOWN ~~the~~  
~~the~~ floor were violent and loud aggressive noise  
 Inmate making threats towards each other Gangs  
 federal and state Inmates housed together  
 for serious charges from conspiracy to kill  
 Gun's Drugs Racketeers and murderers. Most of  
 them loud 24/7 threats made towards each  
 other also threats made towards me from Gang  
 members and I Inmates K, Radley only coming  
 to to Jail with a tec on A probation violation  
 A driving offence. These inmates made my time harder  
 to do because I shouldn't have been around them  
 per Policy or state federal Guide lines on Jail house  
 Rule for housing, noisy I couldn't sleep and official  
 never made any effort to stop it. I thought why  
 am I on this floor around this type of "Bettendorf and  
 aggressive violence" I was in fear for my life, after  
 being a prisoner about the noise in such inmates  
 12 hours my response was that they are working on  
 the problem, after staying in 5th- Floor-B for  
 3 days I was threatened by A couple of violent  
 Gang members I inmates about the phone, and  
 my food, and ~~and~~ and loud noise, I ask to be  
 moved, I was only moved right next door to another

→ Look Down Pod -5-B to 5-C, where inmates  
Are still running the Pod and threatening  
People like myself after being in 5-C A week  
or so, I ask to be moved again, Because  
of the Aggressive Inmate with nothing to lose  
and Gangs, after speaking to a classification  
officer about the problems I was moved  
to the 3rd floor its layed Back But still  
have some Gang members state and federal  
Inmates Are still housed together some  
Facing 2 or 3 life sentences the 3 floor  
Pod-B seemed OK for AS I could see  
after getting settled making my bed up  
Because it was a 8 man housing cell  
with 8 beds IN each cell room, But it  
was 3 - doors ~~on each side~~ each side it  
holds 8-man behind or IN each door. I Believe  
all of this is A Constitutional violation 8th and 14th  
emendment, knowing that ones health and safety  
is at Risk IN doing ~~nothing~~ Nothing About it.  
defendant Davidson County Sheriffs office, criminal  
Justice center, official Daren hall, Warden of  
Criminal Justice center, Dan Weikal, chief  
of staff, Jamie Johnson these officials should  
Be held Responsible Because they ARE Responsible  
for the safety, health and functions of this Jail  
and all other prison facilities, it feel that they put IN  
inmates anywhere to feel A Bed to make more money

health and safety rules don't matter. I hope this court  
Put a stop to it and all the indifference of the defence  
in this lawsuit, My complaint is a Journal of events  
But I have rewritten it to make sure it is  
proper against these defendants am suing, after  
I Kelvin Radley was on the 3rd floor B-Pod  
about a week or so, I slipped in ~~both~~ trying  
to get in my bed, (Top bunk area) I fell back down  
I hit my back on a iron sink that is right  
next to the bed area after telling the cops that  
I worked the pod, officer Evans and CPO Braden  
about my fall they could see that I was hurt, they  
told me to put in a sick call because I ask if  
they could call a nurse or someone, officer Braden  
and CPO Evans called medical, after calling medical  
personal which I think they did, medical personal said  
feel out a sick call, so I I made K Radley DO, But  
I was suppose to have been seen, medical Dept was in  
Negligence of care, I was refused attention from the  
Davidson County Sheriff's Department. I was hurt officer  
Evans and CPO Braden was there I was hurt they never  
came responded to the serious incident, I needed  
A Bottom Bunk and every thing DCSSO medical staff  
disregarded that need so I sleep on the floor  
with my matt' (Bed). This is cruel and was cruel  
and unusual punishment on DCSSO medical staff  
Be Hale and A state violation on DCSSO medical  
Dept negligence of care and deliberate indifference  
8th and 14th amendment violation, they know.

→ I was hurt and in pain and did Nothing To stop the pain in suffering I use C/O Brader and C/O Evans as witnesses Because they put A contact note in the Computer about the Incident May fall 3-2-2012, my sick call is also Dated 3-2-2012. A week later still in pain I still didn't see the PR about my fall Incident, I notes in the Pod was also making little funny, threats like I cry to much, I said it no never mind at that moment But later it became A BIGGER ISSUE, I hate K. Radley Plaintiff was in pain I needed something for pain in I told nurse officer nurse that I seen walk By the 3rd floor Pod-B Area about my Incident and that I put in A sick call, they told me medical Personal to put in A notter one (sick call) so I did" ON 3-22-2012 I spoke to A Davidson County Sheriffs official staff nurse Amanda Lawrence, I told her about my fall and that I had already put in A sick ~~call~~ call 2 1/2 weeks ago, note to the courts that from the day of my fall 3-2-2012 until the Day I was Saw By A DSO nurse ON 3-22-2012 IS 20-days, I suffered 20-days with no pain medication OR X-Ray or any Attention, ~~the official said that the official~~

→ my commanding I was like no so I ask to move. I ask C/o Braden check computer notes on movement ~~around~~ around 3-22-2012; I told C/o Braden please get me move cause having problems, in here with a couple inmates, He told me to get my stuff in count on, after living third-floor B-Pod dealing with state and federal inmates housed together very violent facing many of years, I was moved to the 4th floor right back around the same type of inmates but I had ask officer C/o Braden if classification could move me to a medical floor two a bottom bunk because of my "Back to back" Instead I was moved to a floor like the 5th floor locked down 20 hours a day. You come out with 15 or 20 other violent inmates for two hours in the day time, and 2-hours and the evening, this is your rock, while out with these violent other inmates a none violent inmate like myself could be at risk of a assault on my person or a homicide victim never know but the fact remain that the threat was well at hand this is also a 8th Amendment and should be a 14th Amendment violation" Because it post a threat a 90% percent chance of threat from these other inmates because of there history of assaults in violence within the jail 5th and 4th floor inmates" A week or so after ~~being~~ being on the 4th floor

Down stairs on 3-B had Beef with me  
Because I was Approach By one of my  
Don't ~~RECALL~~ his name or know But He  
asked what was my Beef with his Inmate  
I Replied No Beef with no one, and then I  
Started walking towards the officer that was  
working the pod to let him know that  
no one has put there hands on me But A couple  
inmates has made A simple threat towards  
me, while I was saying that, the officer  
said, You K. Radley, I said Yes, he said  
Go to medical they need you, and talk to me  
when you get back, I went to medical, after  
speaking with Dr. Logan she said that she  
would put me down for A X-ray, even  
thor. defendant DAREN hall, Warden, Dan  
Wenikoff, and chief Jamie Johnson didn't  
have ~~any~~ Direct Knowledge of my  
Movement to the 4th floor were more  
violent offenders are, they still are  
Responsible Because they Are Responsible  
For the official function of the Jail  
so they should have Knowledge of  
any wrong doing or any thing on this Jail.  
~~Add after~~ after also speaking with Dr

she said that they was Short of Staff  
ON Sick CALL, I feel that there actions to the

(pg # Statement of Claims continued)

→ The Davidson County Sheriff medical Department IN DR LOGAN should BE as official Because they Employ her I feel that her official capacity and DCSO are together, A State A claim on her Because it took so long to see her as head Nurse after she saw my ~~QRO~~ first sick call Dated 3-2-2012 about my incident as head Doctor she should have done some things about it also after the Grievance I put it they knew of my injury in did nothing to help it, they took there own time leaving me and pain, They never called me out on my first sick call one mistake, Exhibit - A 2- they never seen me the Day it first happened when I fell, also they never prescribed me no type of pain medications or gave me treatment 3-2-2012 until 3-<sup>23</sup>-2012 A couple weeks with no pain medication until I seen nurse Lawrence, Dr Logan should have known she's being sued in that minor as head Dr, Dr Logan also told me that the nurse that said I refused sick call on 3-5-2012 Quite, not only work at DCSO facility CTC, this I think will be foul play, maybe trying to cover up my major injury, Review sick call notes in medical file on 3-5-2012 in check to see who unknown nurse was Because even if she Quit →

(Pg 10# (continue of claims))

→ I still state A claim Because DCSO employed her, It wasn't my fault I wasn't called or told that she needed to see me for sick call that I had signed up for, note to the courts that it is violation of her unknown nurse in DCSO CSC Because of the Exhibit-A Response on my Grievance some one was wrong And it wasn't me) Pure evidence, ~~the~~ DCSO medical Department is in state and ~~gender~~ violation, negligence and 8th and 14th Amendment violation, nurse never signed Sick call on officer that is per DCSO Policy  
Do How Did I Refuse my own treatment when I never was called or seen any one, they are in violation of there own sick call ~~policy~~ policy procedure, not properly handling ~~the~~ my Sick calls medical Request they never called me" then they lied and responded To one of my Grievances, Please note that my Original Grievance on this Issue I was told I Refused, Review Grievance file at institution Because I misplaced that one for evidence, But I Pray the honorable Court Review Grievance Records also response on head Evidence omission of Guilt Exhibit - A note By Staff member S. shavers, It took almost 3-weeks for A X-ray, if I injured my self on the streets and needed fast Attention I could Get it, A X-ray, Pain medicine Ect, But out of there improper medical care or them simply Being behind there problems

pg - 11 (continue of claims)

→ I was forced to wait, cruel and unusual Punishment) Exhibit one I filed Because of Not Being treated with Proper Pain Medication and still ant and my nerves in my Back also could Be Damaged am feeling sick call to check on that But Exhibit One is there Response Saying X-Ray shows no Bone Damage its fine, But am Requesting A nerve Damage SKAN, I was told on A Response Back on my Request for pain medication on sick call By A Nurse Any. Review the medical Records She spoke to me and said I Okefen is all I'll get in that's it, after speaking with me she left. Any way after speaking to DR MS Logan I returned to my floor. While Back on 4th floor O-Pod lock Down Pod 20 hours A Day I Broke DOWN I went on suicide watch from stress and pain from my injuries and depression frustration and mental suffering in physical suffering my mental state was off I receive treatment At mental health Corporate in Nashville TN, for stress and Polar problems I Grow up with A Depression problem I Be up Some time Some times I Be Down and what I went through and what am going through ant making it no Better. I pray that this court Deal with these defendants, Because OCSO want Proscribe meds I take at mental health Corporate, also Its hard to sue mental health Doctor or medical on that issue Because of

There will forgive you what they think You need, But For Denying me medical Attention on my Back in Refusing me treatment and lying. ~~the~~ DCSO has failed to provide me

Proper treatment after Being on Syke watch for 24 hours they let me off But Put ~~me~~ ME Right Back upon 4th floor around the same I/mates loud 24/7, I received no sleep at times After Being Back on 4th floor less than 24 hours I I/mate K. Radley was threatened once again by A nother ~~one~~ violent I/mate I/mates sent word from the 3rd and 5th floor that they didn't finish ~~me~~ dealing with me"

So I told CJC official to please move me again, so they moved me. me thinking they will move me To the Gym or ~~the~~ ~~the~~ ~~the~~ At CWC OR Blackwood HDC facility A nother DCSO facility" But I was moved Back to the 5th floor Note to the

Courts that I already had problems on this Floor, But staff moved me Right Back around trouble, knowing of Known threats and incompables I previously had on this floor. This is.

A nother serious violation 8th and 14th amendment knowing of Risk of harm to ones safety in not doing any thing to stop it or putting I/mate life in danger and Deliberately knowing state of

mine which was ~~me~~ note to the courts they had to know that I had already had problems →

on this floor, the contact computer notes will show this as evidence on this claim against DCSO, defendant DCSO, chief of staff, warden, also sheriff official Darren Hall, in there official capacity, there responsible for all the operation health and safety of all inmates. They moved me back to a floor the 5th floor I think deliberately because they had to have none as there policies consist of them check for Incompables. Dealing with the stress of this in them moving me back on this floor, is stressful. Am in fear for my life thinking at any time some one could hurt me or even kill me, because of there faults. A couple days telling ~~them~~ them they have made a mistake to move me because while there mistake went on, am telling them that am in fear for my life and that I got Incompables on the floor in to move me, I stayed on 5th floor 2 days and my cell I never came out, I spoke to a Sgt and told him, once he check the computer after me telling them I had once been up there with threats made towards me, I was finally moved, I was put in the segregation unit on ~~padding~~ Add MAN. Because Classification officers say they had no where else to move me. Due to my Incompable 5, I feel that if am sent to a none violent pod with none violent inmates or lesser inmates and gangs I would be fine, A History Report

as I/mate violent offenders and Gang fights and  
 Violent Behavior need to BE surposed from the defendants  
 official head of security chief of staff Jamie Johnson  
 about this Behavior, This information will show  
 To the court Such violence in this Jail and why  
 I've had run in years ago in this Jail, note to the  
 counts A couple fights, But as like Exhibit - B and  
 C, I was only trying to defend myself, I was convicted  
 once out of A think lies. Anyway this information  
 need to be reviewed from the defendant chief of  
 staff, this type of Behavior go on from housing Real  
 Bad violent Gang members around none violent offenders  
 none gang members, that's deliberate indifference and  
 knowing of risk of harm to I/mate health and  
 safety 8th and 14th Amendment violation, I/mate  
 some times fight and staff some times do nothing  
 But look and tell them to hurry up clean up in  
 Go in there cells cause they ant seen nothing,  
 note to court, CTC DCSO facility is in always over  
 crowded they Are not using proper Policy Procedures  
 to control there violence or Gang Population, I  
 I/mate K. Radley want to do his time in Go home  
 how can I when you got inmates working with  
 staff and staff working with the Gang violent  
 offenders, I've Been called a snitch, I cry Baby  
 and A lot of things By staff in inmates, ~~all over~~  
 by the facility Being over crowded so they putting people in  
 mates - any were, I feel that's A lot of state and Federal  
 law, when some can be done about it. ON-3-26-201.

I was called out my cell on taking out my  
 Cell 4-A Pending Add man" to take a X-Ray  
 of my Back which I sustained on 5-2-2012, It's  
 Been almost 15 days I'm just now getting

 defendant medical Department. Amin Pain and  
 not being prescribed the proper pain medications  
 defendant official Karen Hall, warden, Dan  
 Weikal and chief of staff, Jamie Johnson  
 all need to be held responsible for the action of  
 not properly training these officers as far as  
 to deal with the major gang situation within  
 DCSO CTC facility. Because I was move back  
~~on~~ on the 5th floor around the same violent inmate  
 that had threatening once before, it was deliberate on  
 classification DCSO facility Department that house  
 inmates and review three points and custody  
 status" also deliberate on DCSO medical ect Dr Logan  
 and CTC Nurse staff to give me a X-Ray 3 weeks  
 after my fall, I know it ant broke but the pain I  
 feel, feel like NERVES, that's improper medical Negligence  
 of care. Amin Pain Daily since my fall "I've only  
 been given I B Profen) A minor Pain Relief" I  
 also signed sick call since my fall I was told  
 noted as previous said in Suite By a MS Amy that  
 said I B Profen is All I get. See Exhibit-7  
 after filing a Grievance after sick call Request interview

Think ~~that~~ DCSO medical staff or officers take your life  
 serious, hopefully this suit will help change some  
 of the procedures and policies also in house & your  
 living Area Rules, and this facility and hopefully  
 the courts will rule and my BetHaly and favor  
 against the defendant, I hope process will issue  
 no I/mate should have to wait 20 days or more  
 To see A Doctor after A major Injury like mine.  
 My Back still hurt even after the x-ray, something  
 is wrong my nerves are bad or some thing is

Datetime Notified: 03/26/2012 20:25

## Incident Details:

On the above date and approx time while conducting oct in quad 1 I Cpl M Graulau had taken I/M Moore, Keith #595994 out of the shower area and placed him back in quad one where I/M Radley, Kelvin #601841 was using the phone. I exited the quad and as I did I overheard I/M Moore ask I/M Radley if he could get another call in on the phone. I then heard I/M Moore say "its like that?" and heard scuffling coming from the quad. I ran to the quad and saw I/M's Radley and Moore trying to hit each other. I yelled to the other officers that were just out in the hall that I had a fight in quad 1 and needed assistance. At that time I/M Moore came at I/M Radley and I/M Radley attempted to kick him back off of him. I issued directives through the gate for both I/M's to stop fighting until back up arrived. When back up arrived I entered the quad and secured the back of I/M Radley's jumpsuit and he stopped fighting immediately. I moved I/M Radley to the shower area while C/O's Cruse and White secured I/M Moore. While we secured the I/M's C/O Braden operated the cell doors so they could be placed inside. Once both I/M's were secured I notified SGT R Cogdill and medical. Nurse Kristine checked and cleared both I/M's of any serious injuries other than minor scratches and I took photos of both I/M's. Please note that neither of these I/M's are listed as house alone rec alone or incompatibles. Classification notified to list both I/M's as incompatibles due to the nature of this incident... EOR

## INMATE HANDBOOK

Effective July 1, 2010

1) Evidence  
EXHIBIT - 2  
11 SEE pg 9  
PARAGRAPHS - 17

ms and  
ou want to  
know more, ask a case manager, correctional officer (CO), or supervisor  
how to get more information. Changes in this handbook will be posted in  
your housing area.

While you are here, you have to clean your living area each day, keep all  
your property neatly inside the storage unit, or "bus tub" you are given  
and follow CO instructions and jail rules.

Several sections of the handbook mention "immediate family members."  
That means: husband, wife, son, daughter, brother, sister, mother, father,  
or grandparent.

## 2. BOOKING/PROPERTY

When you come to jail you will be screened for pre-trial release. You will  
be notified if you are eligible. A list of cab companies and bonding  
companies are posted.

The clothes you wore to jail will be put in a property bag with your other  
belongings, and will be inventoried unless they are bloody or soiled. If  
this is the case, we will dispose of all affected clothing in a biohazard  
bag. **KEEP YOUR RECEIPT** so you can release your property or get it  
back when you leave. When you are "dressed out" in jail clothes, you will  
receive:

### Females:

three pair panties	tennis shoes	two pair socks
towel & washcloth	two sports bras	one undershirt
shower shoes	hygiene package	one mesh bag

### Males:

tennis shoes	towel & washcloth	two pair socks
shower shoes	two pair underwear	hygiene package
two t-shirts	one mesh bag	

If you have money when you come to jail, or get money later, you will be  
charged the actual cost of these items.

You will also receive: two sheets, a blanket, and a bus tub.

Those items and this handbook are jail property. You must return them  
when you leave the DCSO. You are responsible for your jail uniforms

and linens, and can be disciplined and/or charged with a crime if you  
intentionally damage or destroy them or other jail property.

All your things must fit in your bus tub. If they don't, decide what to keep  
with you, because extra property is taken during searches. You may  
have to give up extra property or pay to ship it home. If you have so  
many legal papers it becomes unsafe to store them all in your cell, your  
documents will be stored at your facility so you can swap them out as  
needed.

## 3. MONEY

Your money is put in your jail account, and you may use this account to  
buy commissary items. You will get a check for any money left in your  
account when you leave the DCSO. Offenders on work release status  
may be allowed to carry money. Otherwise, if you are caught with cash  
while in jail, you won't get it back until you are released from jail.

Money is taken off your account for your commissary orders, certain  
DCSO programs and services, or if a court orders it. You will get a receipt  
when money is taken. If you don't have money, you will get the same  
programs and services. If you owe fees when you get out of jail and get  
locked up again later, old fees will be paid from any money you have with  
you. If money is put on your account, your old fees will be deducted from  
your account balance.

Indigents: If you have less than five dollars (\$5.00) in your account for 30  
days or more, ask your case manager to help you apply for free writing  
materials and hygiene items. You may apply for these items once a  
month.

## 4. MAIL

You may send and receive letters from outside the jail. Put unsealed,  
stamped mail in the mailbox for your unit. If you are indigent, the DCSO  
will pay postage for eight letters per month plus legal mail.

Your mail may be searched. If mail from the courts or your lawyer is  
searched, it will be opened and searched in front of you. Mail that breaks  
jail rules is returned. Mail that breaks the law or contains information  
about criminal activity may be turned over to the police.

### What you can get in the mail:

- Pictures.
- letters from people who are not locked up. You may get letters from  
immediate family members who are locked up, but must prove you

are related. See your case manager to get on the inmate-to-inmate mail list.

- mail from your lawyer or the courts.
- soft-backed books, out-of-town newspapers, and magazines mailed from a publisher, book store, or other commercial source; and,
- money order or government-issued checks.

What you **cannot** get in the mail:

- cash or personal checks;
- sexually-explicit photos of any type;
- Polaroid or other instamatic photos;
- stamps, envelopes, paper, or pen;
- hardback books; or,
- packages of clothes or other personal items.

Mail can come to you from the post office or a commercial deliverer, like FedEx. Mail that goes through the regular post office also goes through the Metro post office, and delivery usually takes at least seven days. Mail to you should be addressed like this:

Your Name and OCA Number  
Davidson County Sheriff's Office  
PO Box 196383  
Nashville, TN 37219-6383

The mail you send out must be in a plain envelope that shows only the name and address of where it is to be delivered and your name, OCA number and return address. Outgoing mail must be unsealed for inspection for contraband. Outgoing inmate mail with artwork, other writing, or contraband will be returned to you or destroyed.

## **5. VISITS AND PHONE CALLS**

Visits: Visiting schedules are posted in your unit. See your case manager to add or remove names off your visitor list, or to ask for special or contact visits. Names may be changed once a month, as scheduled for your housing area.

Visits will be cancelled or refused if:

- the visitor is not on your list;
- you are on disciplinary lockdown;
- a visitor seems to be drunk or high;
- there is not enough space to visit safely;

## **8. CASE MANAGERS**

After you are classified, you will live in a housing unit which will have an assigned case manager. You will have an opportunity to see your case manager once a week if you sign the list.

A case manager can:

- look up your charges, bond, and court dates;
- call or help you contact your lawyer, probation officer, the court clerk's office, the chaplain, jail staff, etc.;
- add or take names off your visitor list on assigned days;
- set up special, contact, and emergency visits;
- arrange extra library time for legal research;
- get you to a phone in a family emergency or legal crisis;
- help you apply for education, treatment, and work programs;
- Provide forms and applications for things like work release, parole, property claims, reclassification, visits, and grievances.

A case manager cannot:

- get your bond lowered;
- take care of outside money matters for you;
- move you to another cell;
- accept packages;
- Take things from the public to give to you;
- help you write out a law suit or give legal advice; or,
- recommend you for parole or probation.

## **9. APPEARANCE AND HYGIENE**

You will be given soap, toothpaste and a toothbrush when you are dressed out, and given a chance to shower. You can buy more of these items from the commissary. If you are indigent, see a case manager for help getting those things. If you are on work release there is a charge for using laundry machines. All other inmates receive free haircuts and laundry services.

You can only wear clothes that are issued by the jail, or are allowed to keep when you transfer to DCSO from another facility, or that you buy from commissary. When outside the housing unit, you must wear your jail uniform and carry your identification (ID) with you at all times. The uniform must be snapped all the way shut, and pants will not be cuffed. If you wear the two piece uniform, the shirt must be tucked inside your pants; no sagging pants will be allowed. Head coverings or jewelry, even "homemade" jewelry, is not allowed except for approved medical or religious reasons.

If your jail ID starts to wear out, ask your case manager to get it replaced. You will be written up if you damage it on purpose.

## 10. SAFETY AND RECREATION

**Safety:** Follow staff instructions if there is an evacuation or other emergency. Tampering with safety equipment such as fire extinguishers, sprinklers, smoke detectors, or security doors and locks is a crime and you will be prosecuted. Even small fires can be deadly because of smoke inhalation. Report any fire at once to the nearest staff member.

**Recreation:** If you are in general population, you may go to recreation every day if the weather and facility security allow, unless, for disciplinary reasons, you agree to give up your recreational time to avoid a formal disciplinary action against you. You must wear your jail-issued clothes and shoes. No rough sports or fighting is allowed.

## 11. PROGRAMS AND SERVICES

**Religious** - A schedule of religious services and activities is posted in each housing area and case manager's office. You will usually not have to sign up for religious services. You have a right to practice your religious faith in any way that doesn't disturb jail safety or security.

Your minister or spiritual advisor may visit you in jail. He or she must first call the facility chaplain or the DCSO chaplain coordinator to be approved for a contact visit. The DCSO cannot buy religious material, but volunteers donate many materials, and your minister can usually get other materials to you through chaplain services. See your chaplain or case manager if you need other religious items to practice your faith.

**Library:** You have a right to legal material that helps you challenge jail conditions or your sentence. Each facility has a notebook filled with Supreme Court cases about the rights of people in jail or prison. The librarian will do legal research if what you need on these subjects is not in the library. If it does not create a security risk you may also meet with another inmate for free help with research or filing complaints to the court.

See your case manager if you want to use the law books at your facility. If you need extra time because you have a filing deadline, your case manager will confirm the deadline and see that you get extra time.

Your case manager will also give you forms to ask for legal research, and forms to file a complaint with the federal court if you believe your civil

- a visitor refuses to sign in, be searched, or has no, or fake, ID;
- visitors are not properly dressed;
- you or your visitors act out;
- your floor/facility is locked down during a security emergency; or,
- visitors arrive after the cut-off time for signing in has passed.

**Special and Contact Visits:** You may have one contact visit a month with your minor children, and must give their dates of birth. You may also ask for a special visit with a family member who has traveled more than 100 miles to see you.

Visits at the CDC and ORC are usually contact visits. You are responsible to set up your own visits within the approved schedule. See your case manager

You may ask for a special visit to the hospital if an immediate family member is in critical condition. If an immediate family member dies, you may ask to visit the church or funeral home to pay your last respects. DCSO officers will transport you in restraints and your jail uniform. The visit must be in this county.

Visits with lawyers and spiritual advisors are usually contact visits. So are visits with people who come to see you as part of their jobs, such as social workers, probation officers, psychologists, and police detectives. You have the right to refuse any visit.

**Phone Calls:** There are collect phones in each housing area. To use them, you will have to set up an account with the phone company. You will use your inmate number to make calls. Do not share your number with other inmates. Calls are NOT private; they are recorded. Staff may listen to calls with anyone but your lawyer. The recordings may be turned over to the police or other agencies if requested, or if the calls show evidence of criminal activity.

Ask your case manager if you need to make a call that can't be collect. Jail staff can't deliver messages to or for you. If you have a family death or emergency, a chaplain, case manager, or other staff member will verify the information and help make arrangements for you to contact your family.

## 6. MEDICAL CARE

A health history and TB skin test are done when you come to jail. If you have a medical emergency, tell a staff member at once. If you have a medical problem that is not an emergency, fill out a sick-call form and put it in the sick-call box for your housing unit. Use the same form to see mental health staff or the dentist. Medical staff pick up these forms each day. There is always a doctor, psychiatrist, and dentist on call for emergencies.

If you believe your medication needs to be changed, fill out a sick-call form and a doctor will evaluate your request. The nurses CANNOT change your medicine; they can only give you what the doctor prescribes. If you refuse to take it, the doctor may stop it.

If you have money on your account, there is a \$3.00 co-pay for certain medical services and medications. You will get the same medical care regardless of whether you can pay.

## 7. CLASSIFICATION

You will be classified a few days after you come to jail. DCSO will assign you to a custody level. Your custody level determines where you'll be housed and what kind of work, services, educational, and treatment programs you may qualify for.

Classification staff considers your criminal history, current charges, past behavior while in jail, and many other factors deciding your custody level. There are three custody levels:

minimum - standard supervision level, double cell or dormitory housing, and normal program eligibility;

medium - moderate supervision level, double cell or dormitory housing, and restricted program eligibility;

maximum - increased supervision level, double cell housing, and restricted program eligibility.

**Appeal** – You don't have a right to choose where you are housed, but you can ask for a change in security level or housing. Your case manager will send your request to classification staff. You must give the reason you want to be moved. The classification staff will review your record and send a response to your case manager.

Classification staff will interview you to learn if you have an enemy in jail or other special housing needs. If you refuse to go to the area where you are assigned, you will be housed in a more restricted unit and will also be subject to disciplinary action.

## 13. YOUR RIGHTS AGAINST DISCRIMINATION

The DCSO complies with Title VI of the Civil Rights Act which forbids discrimination because of race, color, or national origin in programs, services or activities. This includes all language barriers. If you need to file a Title VI complaint, contact your case manager.

If you have a disability, you have a right to reasonable accommodations related to programs, living conditions, programs, and other daily activities. See your case manager to ask for help or make a complaint regarding needs related to your disability.

## 14. GRIEVANCES

If you have a complaint about a jail policy, practice, condition, or employee, ask for a grievance/appeal form, or write it on plain paper with "GRIEVANCE" across the top in big letters. Put it in the grievance box in your area. You have ten days, including holidays and weekends, after the matter/incident you are complaining about arises to file a grievance. That time limit may be extended only for a good reason. You should get an answer within seven working days. If you don't, ask your case manager to check on it for you.

Grievance appeals: If you think the answer to your grievance is unfair, you can appeal to the facility administrator. You must file your appeal within one week of receiving your original response. Get another grievance/ appeal form from your case manager or correctional officer, or write your appeal on plain paper with "GRIEVANCE APPEAL" in big letters across the top. Put it in the grievance box.

## 15. REPORTING STAFF MISCONDUCT

You have a right to report staff misconduct without fear of retaliation. Most complaints can be handled through the grievance system explained above. If you believe a staff member has, or is, committing crime inside the facility, you do not have to use the grievance system to report it. You may contact any staff member to report your concerns.

It is a felony for anyone to smuggle drugs or weapons into the jail. It is also a felony for any DCSO employee, volunteer, or contract employee to have sexual contact with you. Report it at once if any staff member tries to have sexual contact with you, or brings drugs or weapons into the jail. You can go to a supervisor, case manager, or contact the DCSO internal investigations office by Metro-mail, phone, or through your lawyer or a family member. You will be protected from retaliation.

## 16. PREVENTING SEXUAL THREATS AND RAPE

Sometimes inmates may use threats of rape, or commit rape, to control others. If this happens to you, REPORT IT SO YOU CAN BE PROTECTED. There are some ways you can help protect yourself:

- Don't ask for or accept favors;
- Don't borrow money, property, or drugs;
- Don't let other inmates use you as a messenger or to hide or carry contraband;
- If you look young or are small, you are especially likely to be a target. Stay aware of the people around you and how they are acting towards you.
- You will receive a "Sexual Assault Awareness for Offenders" handout during your initial booking process. If you do not receive this information, ask the nurse for a copy.

## 17. REPORTING CRIMES

If you want to report a crime committed against you by another inmate, ask to see the lieutenant or other supervisor on duty at your facility. You will be escorted to the district attorney's screening office to ask for a warrant, or be allowed to use a free phone to call the police and make a complaint.

## 18. JAIL DISCIPLINE AND RULES

**Disciplinary write-ups:** You may get a "write-up" if a staff member believes you broke jail rules. If your behavior threatens jail safety or others, you may be locked down until your hearing.

Your rights: If you get a disciplinary write-up, you have the right to:

- a copy of the disciplinary report and any documents or evidence the hearing officer considers;
- a hearing within no less than 24 hours and no more than seven days after you get a copy of the write-up;
- be present during the entire hearing, unless you act out;
- make a statement and present evidence;
- an interpreter, if you don't understand English or you are hearing impaired;
- the help of a staff member to prepare or present your case;
- call witnesses, or be given a written reason why you were not allowed to do so;
- remain silent, but your silence may be held against you;
- appeal the decision, in writing, within five working days;
- be found guilty only if there is some evidence that you are;

rights have been violated. The court charges a \$350.00 filing fee for civil rights complaints, and the money will be taken off your account.

If you are caught with pages that have been torn from the law books, you will lose library privileges, be written up and disciplined, and may be charged with a new criminal offense for destroying Metro property.

**Marriages:** If you want to get married, see your case manager. You must pay for the marriage license and get your own minister or other qualified person to perform the wedding ceremony.

## 12. TREATMENT, EDUCATION, AND WORK RELEASE PROGRAMS

The DCSO has several work, treatment, and education programs. All have rules for getting in and staying in, and none of them are easy to complete.

**Treatment programs:** Some of DCSO's state-licensed treatment programs offer help that cost thousands of dollars to get in the "free world." Treatment programs are for people who are willing to accept help and work hard to change behavior and attitudes.

You will be required to get up early, keep your living area clean, do chores, take part in group activities, and complete individual assignments. You must also follow all other treatment program rules, which will be posted in the unit; failure to obey them will result in suspension. There are waiting lists for most treatment programs. If you just want to "do your time," with as little effort as possible, please don't take a space that can go to someone who is ready to work toward change.

To apply, you must have at least 60 days left to serve on your sentence. Professionally qualified DCSO staff members lead the programs. Like all DCSO treatment programs, you must be willing to follow the rules and work to help yourself do well.

**New Avenues-Healing Journey:** This is a gender-responsive treatment program for offenders who are interested in looking holistically at changing their lifestyle around alcohol and drug use. There are a wide variety of other programs to assist you when dealing with life's issues: education, parenting, life skills, etc.

**Day Reporting Program:** The Day Reporting Program is for offenders who would otherwise be sentenced to serve jail time. It is an intensive

treatment program. Supervision is very strict, and you will have to report to the facility daily for programs such as substance abuse treatment, domestic violence programs, education (including GED), and career development. Either your lawyer or the courts can refer you to the program.

**Work and Educational Release:** Work release lets you earn money at a regular job, but you must return to jail each day. You may qualify for work release if you:

- have been sentenced and have no more charges;
- are within one year of release on your sentence;
- have never escaped or attempted to escape from custody;
- do not have two or more felony convictions for crimes against people or property; and,
- are not a registered sex offender.

You must pay a fee for room and board for each day you actually work. You may also apply for daytime release for education programs, such as college or vocational schools. See your case manager to learn more about work and educational release.

**Other work programs:** The DCSO has several work programs. State law says you must work if you are convicted. You may be assigned to clean in your housing unit, work in the kitchen, on litter clean-up or landscaping crews, jail maintenance, or other work details. Some work programs also teach a skill or trade. Refusing to work will keep you out of treatment and other programs. If you are sentenced, you will lose credits and be in jail longer. You may also get a disciplinary write-up and lose privileges.

**12 Step Programs (AA & NA):** There are Alcoholics Anonymous (AA) and/or Narcotics Anonymous (NA) meetings at each facility. These meetings are free to anyone who wants to attend. See your case manager for more information.

**Education and training programs:** All facilities have GED classes, and you may earn your diploma while you are here if you qualify for that program. The DCSO offers several other training and education programs, such as culinary arts (cooking classes) and computer learning. Please ask your case manager if you are interested.

**S.A.V.E. (Sheriff's Anti-Violence Effort):** Is a batterer's intervention program to help you with domestic violence and power/control problems.

- a signed copy of the hearing officer's decision that explains the reason for the decision, the evidence considered, and the punishment, or sanction, if there is one.

**Disciplinary hearings:** These hearings are not trials. You do NOT have the right to:

- an attorney;
- cross-examine witnesses; or,
- call more witnesses than needed.

85

113.00

**Disciplinary Charges and Penalties:** If you are found guilty, the hearing officer may:

- give you a verbal warning;
- restrict your privileges, such as visits, commissary, or recreation;
- order you into disciplinary lock-down for no more than 30 days for one offense, and no more than 60 days for all offenses combined; and/or,
- take away your sentence credits (aka: "dead time").

While you are on lockdown, you can have one hour out of your cell each day, one personal phone call every 30 days, and the opportunity to shower.

**Disciplinary Appeals:** You may appeal the hearing officer's decision by filling out an appeal form or writing it on plain paper with "DISCIPLINARY APPEAL" in big letters across the top. Put it in the grievance box for pick-up. You will get a written decision on the appeal within seven working days. Technical errors, such as omitted date, will not be enough to overturn the results of your hearing. To win an appeal, you must show that:

- you were denied one of your rights;
- there was **no** evidence you are guilty; or,
- the sanction is more than is allowed (see chart below, "penalty" means how many days of lock-down the offense carries, "verbal" means verbal warning).
